Superintendent Is the art to be defined by its viewer, or was it clearly defined by its creator? Gregg Stone, Pensacola FL For about the past year

AMP's mission is to publish papers with policy implications based on management research. AMP articles leverage management theory to understand contemporary behavioral, socioeconomic, and technological trends, highlighting their implications for the public interest or relying on a strong evidence base of empirical findings to inform public policy.

The Disabled God. Apart from inclusive Biblical perspectives on disability, there have been discussions in theological circles about a disability liberation theology that collaborates with human rights ideologies, notably as this collaboration encourages the recognition of each person's inherent dignity, regardless of one's race, religion, or impairment.

George Santayana (1863—1952) George Santayana was an influential 20th century American thinker whose philosophy connected a rich diversity of historical perspectives, culminating in a unique and unrivaled form of materialism, one recommending a bold reconciliation of spirit and nature. Santayana was also a poet, and he wrote a work of fiction, The Last Puritan, that was a ...
