Chess Story

Nali By Esther Henry In an era of darkness, mystery, tropical jungles and cannibalism, Nali tries to buck the ancient traditions, only to find herself deeply entrenched in them. As a young girl full of dreams, she is given to a tribal elder in marriage and quickly learns that her childhood dreams could be shattered overnight. The rain forest held a secret refuge that only Nali knew, where she took her dreams and her delusions. Will she be forced to succumb to a subservient role the rest of her life, or can she overcome the hopelessness that comes with isolation, ignorance and tradition? Deep in the heart of New Guinea lies the village of Mendoka, beautifully camouflaged from the rest of the world. Although the village has yet to be discovered, the outside world would soon have an influence on their lives. An interruption to their peaceful simplicity would both terrify them and cause them to search for answers. Readers will be able to follow the lives of those who lived in a much simpler time and become immersed in the culture that controlled their everyday existence.

Adepts in Self-Portraiture: Casanova, Stendhal, Tolstoy

My Overdue Book: Too many stories not to tell: spells out the varied episodes in the life of a man who spent decades working in Hollywood. He began as a little boy in Cincinnati impressed early on by the broadcasting magic of radio and then TV in the middle of twentieth century America. His drive to get into broadcast culminated in an early success that gets interrupted by an unexpected sideliner in The US Army and a subsequent tour as an Infantryman in Vietnam in the late 1960s. His yearlong excursion in "Fun City East," with its repeated life and death experiences, had lifelong effects on this soldier-of-media. Following his wanderings through the jungles of Vietnam, Bright's interactions with many of America's top public figures throughout his decades in radio and television come to life with intriguing stories that are personal, professional, positive and negative. It's life without a filter! Readers across generations will share in the growth of this young writer as his winding trail of life opens in front of them. Book endorsement for Peter
bright; I always thought that Peter bright and I had many things in common; we both grew up in Ohio, we both had careers in the live event and variety side of television, and the few times we had times to talk I thought we shared a mutual philosophy toward the ups and downs of life. But it wasn’t until I read his “overdue” book that I realized just what a rich and storied life Peter has had and how much more deeply he had experienced the highs and lows, particularly during his years in the military, than I ever could have imagined. It really amazes me just how little we know about people we think we know, and just how much more we appreciate who they are when we are fortunate enough to have that background filled in by someone as articulate and able to express both facts and feelings as Peter has in this book. When I started to read it, I thought all of those common events that we shared would be an interesting parallel track to my life and as such I would have a great frame of reference, but as I read on, I realized just what an amazing story Peter has to tell and just how well he tells it. Playing The Royal Game

Stefan Zweig (1881–1942) was a poet, novelist, and dramatist, but it was his biographies that expressed his full genius, recreating for his international audience the Elizabethan age, the French Revolution, the great days of voyages and discoveries. In this autobiography he
holds the mirror up to his own age, telling the story of a generation that “was loaded down with a burden of fate as was hardly any other in the course of history.” Zweig attracted to himself the best minds and loftiest souls of his era: Freud, Yeats, Borgese, Pirandello, Gorky, Ravel, Joyce, Tocqueville, Jane Addams, Anatole France, and Romain Rolland are but a few of the friends he writes about.

Torn Canvas

Jonah Ranger was restoring an antique 1955 Chevy when he heard a woman’s voice on the car radio pleading for help. She said her name was Alice Davenport, and a man was holding her captive, forcing her into a grueling workout routine so she’d be a proper challenge when he hunted her like big game on his private estate. As they talked, her voice shifted from the radio to inside Jonah’s head. Born with telepathic abilities, he’d helpedDecorah Security rescue kidnapping victims, but never had he felt this personal connection to one of them. Calling on psychic resources he didn’t know he possessed, Jonah was able to project himself to Alice’s location, where he could hold her in his arms, touch her, kiss her, and plan.

Claiming Annie’s Heart

The Stories of Goom’pa: Book 1

Falling in love with a prince may be every girl’s dream, but is Allegra Jackson’s royal fairytale really all it seems? Allegre’s headline-grabbing family have hardly prepared her for a life of public duty and sinfully delicious Prince Alessandro of Santina has always seemed well thought out concepts and ideas. Like any game preparation is critical; understanding the rules, knowing how to capitalise upon or create opportunities, all participants in a charade, how life evolves and turns out all depend on how well the game is played. It is not wise or ideal to treat life like a game of chance, a random roll of the dice that can determine unpredictable outcomes. The cost of success is the careful application of well thought out concepts and ideas. Like any game preparation is critical; understanding the rules, knowing how to manipulate the dynamics at play efficiently to ones own advantage, understanding the intricacies of the rules and how to capitalise upon or create opportunities, pursuing whatever circumstances are present to maximise whatever potential exists to the best advantage. The potential opportunities in life are only limited by the inability to firstly comprehend them and secondly to fully utilise personal abilities to maximise the potential that is available. Don’t wait for special times to evolve, rather create them in accordance with your true desires to experience what you wish to make real. Much like any game, the value of life has things that can be obtained, or things that can be lost. How the game is played, the value of the stakes, the opposing factions all come to dictate an outcome, be that favourable or lacking any resemblance of being lucky. A life lived based upon any reliance on luck or fate being favourable is tempting only to the over optimistic, or those extremely lucky ones or who were fortunate in the past and believe that good fortune will continue in the future. While it takes resources to control the world, the control of your own specific world environment is right within your potential to achieve. How you choose to control your world, as well as to what extent your desires are put into action, determine whether your life will meet your wishes or not. The amount of thought and energy you exert, the persistence of that effort, all comes to determine whether and to what degree what you want is what you actually get. In life you may win or lose at times, it’s basically just like playing a game; the right mentality is chancing the wheel of life by trusting and ensuring you will win just the same.

Sofia the First: The Royal Games

Written in the 1920s, Zweig’s work of literary criticism and biography might today be titled Masters of Memoir. In it, Stefan Zweig – one of the 20th century’s most widely-published writers – describes the creative process and work of authors for whom no subject is as compelling as the material of their own lives. Acts of Self-Portraiture examines the lives and work of three men who represent, in Zweig’s view, three levels of development in autobiographical writing. The first and most basic level is evinced by Giacomo Casanova, the Venetian womanizer who records his sexual and social conquests, adventures and escapes, without attempting to analyze or even reflect on them. The second level of self-portraiture is exemplified by Strindbad, the French pioneer of psychological fiction, who kept voluminous
notebooks on his own experience of life and on whom no nuance of feeling seems to have been lost. Russian master Leo Tolstoy represents the third and highest level of autobiographical writing in which the psychological is imbued with the spiritual and ethical. In Adepta in Self-Portrait, Stefan Zweig examines the impulses that give rise to life writing and anticipates the current popularity of the memoir form.

My Overdue Book

An essential companion piece to Stefan Zweig’s classic The World of Yesterday, this memoir addresses many of the questions that this internationally celebrated author raised but did not answer. A professional journalist and researcher in her own right who first encountered Zweig in 1908, Friderike threads her story between what Zweig called the Scylla of “exaggerated candor” and the Charybdis of self-love. She paints a detailed portrait of her famous husband from his birth into a wealthy Jewish family in late 19th century Vienna to his suicide (with his second wife) in Brazil in 1942. Married to Stefan Zweig, first published in 1946 under the title Stefan Zweig, provides a thorough overview of the writer’s poems, plays, stories, biographies, essays and articles, his work habits, and his relations with editors, publishers, friends, mentors and protégés. Friderike also illuminates facets of the tumultuous context of political and social upheaval in which Zweig worked during his years in Salzburg and London. Married to Stefan Zweig is among the very small number of women’s memoirs from 20th century Central Europe and an unusual portrait of a marriage anywhere, anytime.
